

# 65" Double-Sided IP55 Outdoor Floor – Standing Totem (BT-TH65OUT-D)

24/7  
Performance

High-Visibility  
Display

IP55 Weather-  
Resistant  
Enclosure

Smart  
Temperature  
Control

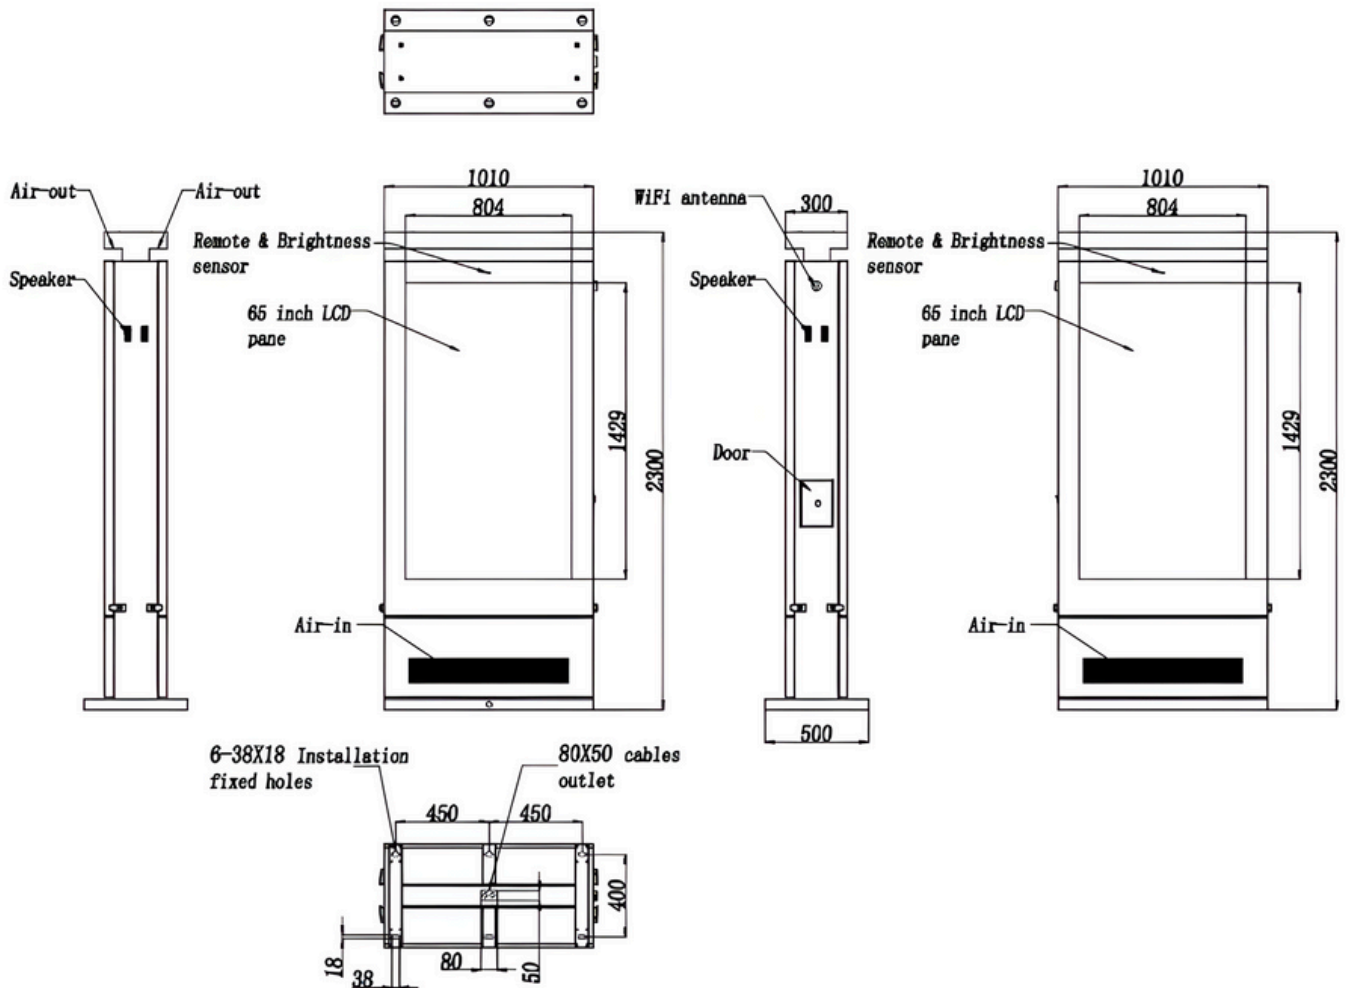

Eco-Friendly  
Power Timer

IPS Panel  
Technology

# Product Dimensions

## Product Dimensions:

Product dimensions(H x W x D): 2300 x 1010 x 300mm

Product Weight: 240 kg

# Full Specifications

|                                       |                                                                     |
|---------------------------------------|---------------------------------------------------------------------|
| <b>Connectivity</b>                   |                                                                     |
| Audio Output                          | 3.5 mm Audio Jack                                                   |
| Video Input                           | HDMI 2.0 × 1<br>USB 3.0 × 2                                         |
| External Control                      | RJ45                                                                |
| <b>Display Specifications</b>         |                                                                     |
| Diagonal Size                         | 65"                                                                 |
| Aspect Ratio                          | 16:9                                                                |
| Panel Resolution                      | 3840 × 2160p                                                        |
| Brightness                            | 2500 cd/m <sup>2</sup> 3000,3500 cd/m <sup>2</sup> (optional)       |
| Display Colours                       | 16.7M                                                               |
| Contrast Ratio                        | 1200:1                                                              |
| Viewing Angle (H/V)                   | 178° / 178°                                                         |
| <b>Operating System</b>               |                                                                     |
| Pre-installed OS                      | Android 11/13/14                                                    |
| <b>User Convenience</b>               |                                                                     |
| Installation Options                  | Portrait                                                            |
| Energy-Saving Features                | Smart Power                                                         |
| <b>Audio</b>                          |                                                                     |
| Built-in Speakers                     | 8Ω 10W × 2                                                          |
| <b>Power</b>                          |                                                                     |
| Power Supply                          | AC 110-240V, 50/60Hz                                                |
| Power Consumption                     | 1300 W                                                              |
| Compliance                            | Meets UL60950-1 international safety standard, CE,FC,RoHS Compliant |
| <b>Operating Environment</b>          |                                                                     |
| Operating Temperature Range           | -20 ~ 45°C                                                          |
| Mean Time Between Failures (MTBF)     | 50,000 hours                                                        |
| <b>Multimedia Application Support</b> |                                                                     |
| USB Video Playback Formats:           | MPEG, H.264, H.263, H.255, AVI, MP4, VP8                            |
| USB Audio Playback Formats            | 7. AAC, HE-AAC, MPEG                                                |
| USB Image Playback Formats            | BMP, JPEG, PNG                                                      |

|                                     |                             |
|-------------------------------------|-----------------------------|
| <b><u>Built-in Hardware</u></b>     |                             |
| Processor (CPU)                     | Quad-core Cortex-A55        |
| Graphics Processor (GPU):           | G52 MC1                     |
| Memory (RAM)                        | 4 GB DDR                    |
| Storage                             | 32 GB                       |
| <b><u>Accessories</u></b>           |                             |
| Locking-Handle Key                  | x1                          |
| M12 × 80 expansion/anchor bolts × 6 | x6                          |
| Lifting bolts (GB825-88), M12       | x2                          |
| Blanking covers (plug covers)       | x2                          |
| MS704-2 key × 1                     | x1                          |
| Remote Control                      | x1                          |
| <b><u>Other Information</u></b>     |                             |
| On-screen Menu Languages            | Supports Multiple Languages |
| Warranty                            | 3-year warranty             |
| <b><u>Interfaces</u></b>            |                             |
| Audio                               | 3.5 mm Audio Jack           |
| RJ45                                | x1                          |
| Motherboard                         | RK3568                      |
