|                                       |                                                                     |
|---------------------------------------|---------------------------------------------------------------------|
| <b>Connectivity</b>                   |                                                                     |
| Audio Output                          | 3.5 mm Audio Jack                                                   |
| Video Input                           | HDMI 2.0 × 1<br>USB 3.0 × 2                                         |
| External Control                      | RJ45                                                                |
| <b>Display Specifications</b>         |                                                                     |
| Diagonal Size                         | 75"                                                                 |
| Aspect Ratio                          | 16:9                                                                |
| Panel Resolution                      | 3840 x 2160p                                                        |
| Brightness                            | 3000 cd/m²                                                          |
| Display Colours                       | 16.7M                                                               |
| Contrast Ratio                        | 1200:1                                                              |
| Viewing Angle (H/V)                   | 178° / 178°                                                         |
| Protection Level                      | IP65 IK10 tempered glass                                            |
| <b>Operating System</b>               |                                                                     |
| Pre-installed OS                      | Android 11/13/14                                                    |
| <b>User Convenience</b>               |                                                                     |
| Installation Options                  | Landscape                                                           |
| Energy-Saving Features                | Smart Power energy-saving technology                                |
| <b>Audio</b>                          |                                                                     |
| Built-in Speakers                     | 8Ω5W × 2                                                            |
| <b>Power</b>                          |                                                                     |
| Power Supply                          | 200–240 V~, 50–60 Hz, 4.5A                                          |
| Power Consumption                     | 1320 W                                                              |
| Compliance                            | Meets UL60950-1 international safety standard, CE,FC,RoHS Compliant |
| <b>Operating Environment</b>          |                                                                     |
| Operating Temperature Range           | -40°C~55°C                                                          |
| Mean Time Between Failures (MTBF)     | 50,000 hours                                                        |
| <b>Multimedia Application Support</b> |                                                                     |
| USB Video Playback Formats:           | MPEG, H.264, H.263, H.265, AVI, MP4, VP8                            |
| USB Audio Playback Formats            | AAC, HEAAC, MPEG                                                    |
| USB Image Playback Formats            | BMP, JPEG, PNG                                                      |

|                                 |                             |
|---------------------------------|-----------------------------|
| <b><u>Built-in Hardware</u></b> |                             |
| Processor (CPU)                 | Quad-core Cortex-A55        |
| Graphics Processor (GPU):       | G52 MC1                     |
| Memory (RAM)                    | 4 GB DDR                    |
| Storage                         | 32 GB                       |
| <b><u>Accessories</u></b>       |                             |
| Expansion bolts M12×80          | x10                         |
| Lifting Screws GB825-88_M12     | x2                          |
| End Caps                        | x2                          |
| Remote Control                  | x1                          |
| Latching Lock Key               | x1                          |
| <b><u>Other Information</u></b> |                             |
| On-screen Menu Languages        | Supports Multiple Languages |
| Warranty                        | 3-year warranty             |
| <b><u>Interfaces</u></b>        |                             |
| Audio                           | 3.5 mm Audio Jack           |
| RJ45                            | x1                          |
| Motherboard                     | RK3568                      |
